Sprick and Berg provide concrete and practical strategies for teachers to implement in their own classrooms to address chronic absence and improve the attendance of all students, including: A framework for implementation Sample lesson plans Examples and reproducibles for reinforcement systems Talking points for use with students and families Real-world examples of successful classroom-based approaches Handouts for parents on establishing routines, dealing with technology and more When teachers apply the easy-to-implement and minimally invasive presented, they will see significant improvements in student attendance.
