*Drijfzand Schutkleur* Nella Larsen  
2018-02-01 Drijfzand is het tragische, deels autobiografische verhaal van een rusteloze Deens-Afro-Amerikaanse onderwijzeres die in het gesegregeerde Amerika van de jaren '20 op zoek is naar haar plaats in de wereld. Schutkleur gaat over twee vriendinnen van gemengd bloed die ieder op hun eigen wijze gebruikmaken van het feit dat ze voor blank kunnen doorgaan. Hoofdpersoon Irene Redfield gebruikt dit om, heel onschuldig, thee te drinken in deftige hotels waar ze als 'negro' niet gewenst zou zijn. Haar jeugdvriendin Clare Kendry speelt een gevaarlijker spel: zij trouwt met een blanke racist. Clares grote geheim en Irene's dubbele moraal zijn de ingrediënten van een psychologische novelle die van begin tot eind zindert van spanning en onheil.

**Hoodoo For Beginners: An Introduction  
to African American Folk Magic** Clara  
Robinson 2021-08-14 There are many  
benefits to the practice of hoodoo and how  
it is used to influence the human condition  
As much as it has been used in popular  
culture as a horror aesthetic, it has also in  
recent years become a light, illuminating  
the living practice of African American folk  
religion. Hoodoo itself developed as a  
combination of beliefs from different  
African cultures. African slaves united their  
beliefs and cultures after being brought to

America in an attempt to go back to their  
own roots, to rekindle the flame of their  
home cultures, and thus hoodoo was born.  
Hoodoo was used as both a spiritual and  
physical tool for survival. African slaves  
were very unlikely to get proper medical  
attention, and so they had to look after  
their own with the use of the botanical  
knowledge that they had at their disposal in  
order to keep themselves balanced and  
healthy. Traditional hoodoo practices were  
preserved orally by those enslaved in order  
to ensure that practices were not lost, as  
many of those enslaved did not always have  
many earthly possessions. These practices  
have survived to the present day, despite  
the belief that it is used only in late  
seventeenth-century midnight seances.  
*A Secret History of Memphis Hoodoo* Tony  
Kail 2010-08-13 “Reveals the stories and  
legends of conjurers and healers from the  
arrival of African slaves on Memphis

plantations to blues musicians on Beale Street.” —Preston Lauterbach, author of *Beale Street Dynasty* Widely known for its musical influence, Beale Street was also once a hub for Hoodoo culture. Many blues icons, such as Big Memphis Ma Rainey and Sonny Boy Williamson, dabbled in the mysterious tradition. Its popularity in some African American communities over the past two centuries fueled racial tension—practitioners faced social stigma and blame for anything from natural disasters to violent crimes. However, necessity sometimes outweighed prejudice, and even those with the highest social status turned to Hoodoo for prosperity, love, or retribution. In this book, Tony Kail traces Memphis's colorful Hoodoo heritage from the arrival of Africans in Shelby County to the growth of conjure culture in juke joints and Spiritual Churches. *Guides to Library Collection Development*  
John Thomas Gillespie 1994 Intended to enhance collection development in school, public, and college libraries, this volume lists and annotates approximately 1,500 significant bibliographies published from 1985 through 1993, with some earlier but still useful publications. Annotations indicate scope of the work, size (often the number of entries), kinds of material included, purpose, arrangement, nature of entries, indexes, special features, and a recommendation. Author, title, and subject indexes provide easy access to the entries. With its deep and comprehensive coverage, this work will help not only in the process of selecting and acquiring materials for the library but also in the process of identification of items for reference, readers' advisory, interlibrary loan, and collection evaluation.

*American Literature* James S. Mellis  
2019-06-20 From the earliest slave narratives to modern fiction by the likes of Colson Whitehead and Jesmyn Ward, African American authors have drawn on African spiritual practices as literary inspiration, and as a way to maintain a connection to Africa. This volume has collected new essays about the multiple ways African American authors have incorporated Voodoo, Hoodoo and Conjure in their work. Among the authors covered are Frederick Douglass, Shirley Graham, Jewell Parker Rhodes, Zora Neale Hurston, Richard Wright, Ntozake Shange, Rudolph Fisher, Jean Toomer, and Ishmael Reed.

**Hoodoo, Voodoo, and Conjure: A Handbook** Jeffrey E. Anderson 2008-10-30 Hoodoo, voodoo, and conjure are part of a mysterious world of African American spirituality that has long captured the popular imagination. These magical beliefs

and practices have figured in literary works by such authors as Toni Morrison, Alice Walker, and Ishmael Reed, and they have been central to numerous films, such as *The Skeleton Key*. Written for students and general readers, this book is a convenient introduction to hoodoo, voodoo, and conjure. The volume begins by defining and classifying elements of these spiritual traditions. It then provides a wide range of examples and texts, which illustrate the richness of these beliefs and practices. It also examines the scholarly response to hoodoo, voodoo, and conjure, and it explores the presence of hoodoo, voodoo, and conjure in popular culture. The volume closes with a glossary and bibliography. Students in social studies classes will use this book to learn more about African American magical beliefs, while literature students will enjoy its exploration of primary sources and literary works.

*Materialities of Ritual in the Black Atlantic*  
Akinwumi Ogundiran 2014-10-03 Focusing on everyday rituals, the essays in this volume look at spheres of social action and the places throughout the Atlantic world where African-descended communities have expressed their values, ideas, beliefs, and spirituality in material terms. The contributors trace the impact of encounters with the Atlantic world on African cultural formation, how entanglement with commerce, commodification, and enslavement and with colonialism, emancipation, and self-rule manifested itself in the shaping of ritual acts such as those associated with birth, death, healing, and protection. Taken as a whole, the book offers new perspectives on what the materials of rituals can tell us about the intimate processes of cultural

transformation and the dynamics of the human condition.

**From the Kingdom of Kongo to Congo Square** Jeroen Dewulf 2017 "This book presents a provocatively new interpretation of one of New Orleans's most enigmatic traditions--the Mardi Gras Indians. By interpreting the tradition in an Atlantic context, Dewulf traces the 'black Indians' back to the ancient Kingdom of Kongo and its war dance known as sangamento. He shows that good warriors in the Kongo kingdom were per definition also good dancers, masters of a technique of dodging, spinning, and leaping that was crucial in local warfare. Enslaved Kongolese brought the rhythm, dancing moves, and feathered headwear of sangamentos to the Americas in performances that came to be known as 'Kongo dances.' By comparing Kongo dances on the African island of Saao Tomae

with those in Latin America, the Caribbean, and Louisiana, Dewulf demonstrates that the dances in New Orleans's Congo Square were part of a much broader Kongolese performance tradition. He links that to Afro-Catholic mutual-aid societies that honored their elected community leaders or 'kings' with Kongo dances. While the public rituals of these brotherhoods originally thrived in the context of Catholic procession culture around Epiphany and Corpus Christi, they transitioned to carnival as a result of growing orthodoxy within the Church. Dewulf's groundbreaking research suggests a much greater impact of Kongolese traditions and of popular Catholicism on the development of African American cultural heritage and identity. His conclusions force us to radically rethink the traditional narrative on the Mardi Gras Indians, the kings of Zulu, and the origins of black participation in Mardi Gras

celebrations"--Provided by publisher.

Alice Walker and Zora Neale Hurston Lillie P. Howard 1993 African-American scholars appraise Hurston's role as literary foremother to Walker, and a Walker essay on Hurston is reprinted.

Israel's Poetry of Resistance Hugh Page 2013-08-01 Noting that Israel's earliest responses to earth-shaking changes were cast in the powerfully expressive language of poetry, Hugh R. Page Jr. argues that the careful collection and preservation of these traditions was an act of resistance, a communal no to the forces of despair and a yes to the creative power of the Spirit. Further, Page argues, the power of these poems to craft and shape a future for a people who had suffered acute displacement and marginalization offers a rich spiritual repertoire for Africana peoples today, and for all who find

themselves perennially outside the social or political mainstream.

**Blackness in Opera** Naomi Andre 2012-03-01 Blackness in Opera critically examines the intersections of race and music in the multifaceted genre of opera. A diverse cross-section of scholars places well-known operas (Porgy and Bess, Aida, Treemonisha) alongside lesser-known works such as Frederick Delius's Koanga, William Grant Still's Blue Steel, and Clarence Cameron White's Ouanga! to reveal a new historical context for re-imagining race and blackness in opera. The volume brings a wide-ranging, theoretically informed, interdisciplinary approach to questions about how blackness has been

represented in these operas, issues surrounding characterization of blacks, interpretation of racialized roles by blacks and whites, controversies over race in the theatre and the use of blackface, and extensions of blackness along the spectrum from grand opera to musical theatre and film. In addition to essays by scholars, the book also features reflections by renowned American tenor George Shirley.

Contributors are Naomi André, Melinda Boyd, Gwynne Kuhner Brown, Karen M. Bryan, Melissa J. de Graaf, Christopher R. Gauthier, Jennifer McFarlane-Harris, Gayle Murchison, Guthrie P. Ramsey Jr., Eric Saylor, Sarah Schmalenberger, Ann Sears, George Shirley, and Jonathan O. Wipplinger.

in the Twenty-First Century Richard Perez  
2020-04-30 The Palgrave Handbook of  
Magical Realism in the Twenty-First  
Century examines magical realism in  
literatures from around the globe.  
Featuring twenty-seven essays written by  
leading scholars, this anthology argues that  
literary expressions of magical realism  
proliferate globally in the twenty-first  
century due to travel and migrations, the  
shrinking of time and space, and the  
growing encroachment of human life on  
nature. In this global context, magical  
realism addresses twenty-first-century  
politics, aesthetics, identity, and  
social/national formations where contact  
between and within cultures has  
exponentially increased, altering how  
communities and nations imagine  
themselves. This text assembles a group of  
critics throughout the world—the Americas,  
Europe, Africa, Asia, the Middle East, and

Australia—who employ multiple theoretical  
approaches to examine the different ways  
magical realism in literature has  
transitioned to a global practice; thus,  
signaling a new stage in the history and  
development of the genre.

*The Haunting of Twentieth-Century*

*America* William J. Birnes 2011-09-13 In this sequel to *The Haunting of America*, national bestselling authors Joel Martin and William J. Birnes bring up to the present the story of how paranormal events influenced and sometimes even drove political events. In unearthing the roots of America's fascination with the ghosts, goblins, and demons that possess our imaginations and nightmares, Martin and Birnes show how

the paranormal has driven America's political, public, and military policies. The authors examine the social history of the United States through the lens of the paranormal and investigate the spiritual events that inspired momentous national decisions: UFOs that frightened the nation's military into launching nuclear bomber squadrons toward the Soviet Union, out-of-body experiences used to gather sensitive intelligence on other countries, and even spirits summoned to communicate with living politicians. *The Haunting of Twentieth-Century America* is a thrilling evidence-based exploration of the often unexpected influences of the paranormal on science, medicine, law, the government, the military, psychology, theology, death and dying, spirituality, and pop culture. **Mountain Conjure and Southern Root Work** Orion Foxwood 2021-01-01

Traditional Southern root magic and conjure from someone who learned the old ways growing up in rural Appalachia. Folk magic conjurer and root worker Orion Foxwood invites you to take a walk through his native Appalachia, through moonlit orchards and rural farms, to the dark of the crossroads. From the oral tradition of his ancestors to the voices of the spirits themselves, Foxwood brings readers the secrets of Southern magic: • Working by

the signs (the ability to synchronize work such as farming, fertility, and orcharding) • Faith healing • Settling the light (candle magic) • Doctoring the root (the ability to use herbs, roots, stones, or animal parts for magic or for clearing, cleansing, and blessing a person) • Praying or dreaming true (blessings of spirit/God to a person, place, or thing as well as prophetic or predictive dreaming) • Blessing or cursing Mountain Conjure and Southern Root Work shows how to create magic in today's world with the old ways and traditions of Appalachia. This book was previously published as *The Candle and the Crossroads*. This new edition includes a foreword by Mat Auryn, author of *Psychic Witch*.

**Zora Neale Hurston** Cynthia Davis 2013-05-09 Zora Neale Hurston (1891-1960), the most prominent of the Harlem Renaissance women writers, was

unique because her social and professional connections were not limited to literature but encompassed theatre, dance, film, anthropology, folklore, music, politics, high society, academia, and artistic bohemia.

*Zora Neale Hurston: An Annotated Bibliography of Works and Criticism* consists of reviews of critical interpretations of Hurston's work. In addition to publication information, each selection is carefully crafted to capture the author's thesis in a short, pithy, analytical framework. Also included are original essays by eminent Hurston scholars that contextualize the bibliographic entries. Meticulously researched but accessible, these essays focus on gaps in Hurston criticism and outline new directions for Hurston scholarship in the twenty-first century. Comprehensive and up-to-date, this volume contains analytical summaries of the most important critical writings on

Zora Neale Hurston from the 1970s to the present. In addition, entries from difficult-to-locate sources, such as small academic presses or international journals, can be found here.

**Envisioning Black Feminist Voodoo Aesthetics** Kameelah L. Martin 2016-09-30

In the twenty-first century, American popular culture increasingly makes visible the performance of African spirituality by black women. Disney's Princess and the Frog and Pirates of the Caribbean franchise are two notable examples. The reliance on the black priestess of African-derived religion as an archetype, however, has a much longer history steeped in the colonial othering of Haitian Vodou and American imperialist fantasies about so-called 'black magic'. Within this cinematic study, Martin unravels how religious autonomy impacts the identity, function, and perception of Africana women in the American popular

imagination. Martin interrogates seventy-five years of American film representations of black women engaged in conjure, hoodoo, obeah, or Voodoo to discern what happens when race, gender, and African spirituality collide. She develops the framework of Voodoo aesthetics, or the inscription of African cosmologies on the black female body, as the theoretical lens through which to scrutinize black female religious performance in film. Martin places the genre of film in conversation with black feminist/womanist criticism, offering an interdisciplinary approach to film analysis. Positioning the black priestess as another

iteration of Patricia Hill Collins' notion of controlling images, Martin theorizes whether film functions as a safe space for a racial and gendered embodiment in the performance of African diasporic religion. Approaching the close reading of eight signature films from a black female spectatorship, Martin works chronologically to express the trajectory of the black priestess as cinematic motif over the last century of filmmaking. Conceptually, Martin recalibrates the scholarship on black women and representation by distinctly centering black women as ritual specialists and Black Atlantic spirituality on the silver screen.
