Gods and Humans in the Ancient Near East Tyson L. Putthoff 2020-09-30 In this book, Tyson Putthoff explores the relationship between gods and humans, and between divine nature and human nature, in the Ancient Near East. In this world, gods lived among humans. The two groups shared the world with one another, each playing a special role in maintaining order in the cosmos. Humans also shared aspects of a godlike nature. Even in their natural condition, humans enjoyed a taste of the divine state. Indeed, gods not only lived among humans, but also they lived inside them, taking up residence in the physical body. As such, human nature was actually a composite of humanity and divinity. Putthoff offers new insights into the ancients' understanding of humanity's relationship with the gods, providing a comparative study of this phenomenon from the third millennium BCE to the first century CE.

Progressive Creation and the Struggles of Humanity in the Bible Zoltan Dornyei 2018-03-22 Why does the Christian walk often feel like an ongoing struggle and why does God’s creation include imperfection, let alone forces that are intent on thwarting God’s creative work? In seeking a response to these questions, this book argues that the biblical accounts describe creation in terms of a progressive transformation process whereby the initially incomplete created order will reach perfection only in the fulfillment of new creation. The following discussion then outlines a comprehensive framework for the biblical theology of humanity’s struggles, centered on three key themes: corporeal temptation, deficient social structures, and the much-debated notion of spiritual warfare. The book presents an overarching canonical narrative that threads together a series of diverse biblical topics, from Job’s temptation to the Atonement. The final part surveys biblical teaching on how human conduct can be aligned with God’s creative purpose, and discusses three “assignments” from Jesus to believers: to celebrate the Eucharist, to pray the Lord’s Prayer, and to fulfill the Great Commission.

Egyptian Myths And Mysteries Rudolf Steiner 2016-12-14 Rudolf Steiner emphasizes the astonishing and special relationship between our own time and that of ancient Egypt–how, in the natural rhythm of the ages, the so-called third Post-Atlantian (Egyptian) epoch is mirrored by the fifth (present) epoch. In this sense, today it is especially relevant to look at ancient Egypt with fresh eyes. The evolution of Western civilization has been profoundly influenced by Egyptian myths through the Greek mysteries. Because of other influences, however, this heritage has degenerated–thinking has mummified, and myth has all but disappeared. Consequently, it is important to revive the seed of goodness passed down to us from ancient Egypt. Through true imagination, we have the task of renewing human knowledge of the creative forces in nature, as the Egyptians attempted through the Osiris-Isis myth, and the Greeks through the myth of Demeter. This is what Steiner attempts in this lecture cycle. Steiner's subjects include: experiences of Egyptian initiations; esoteric anatomy and physiology; the stages of evolution of the human form; and much more. The final lecture is on the Christ impulse as the conqueror of matter.

Living in the Heart Drunvalo Melchizedek 2012-04-27 Long ago we humans used a form of communication and sensing that did not involve the brain in any way; rather, it came from a sacred place within our hearts. What good would it do to find this place again? This is a book of remembering. You have always had this place within your heart, and it is still there now. It existed before creation, and it will exist even after the last star shines its brilliant light. At night when you enter your dreams, you leave your mind and enter the sacred space of your heart. But do you remember? Or do you only remember the dream? Why am I telling you about this "something" that is fading from our memories? What good would it do to find this place again in a world where the greatest religion is science and the logic of the mind? Don't I know where emotions and feelings are second-class citizens? Yes, I do. But my teachers have asked me to remind you who you really are. You are more than just a human being, much more. For within your heart is a place, a sacred place, where the world can literally be remade through conscious cocreation. If you really want peace of spirit and if you want to return home, I invite you into the beauty of your own heart. With your permission, I will show you what has been shown to me. I will give you the exact instructions to the pathway into your heart where you and God are intimately one. It is your choice. But I must warn you: Within this experience resides great responsibility. Life knows when a spirit is born to the higher worlds, and life will use you as all the great masters who have ever lived have been used. If you read this book and do the meditation and then expect nothing to change in your life, you may get caught spiritually napping. Once you have entered the light of the great darkness, your life will change -- eventually, you will remember who you really are.

It is a prophecy that is being fulfilled everyday, corroborated in our daily news, magazines, newspapers, etc. This is not a strange coincidence, because we live now in the Era of the Antichrist. This is why ‘The Era of the Antichrist’ is not a regular book, it is a living book that is happening around us visually and invisibly, it becomes alive in your life, it reveals to you the mysteries of the self and its link to the Antichrist, secrets and mysteries that have been hidden for thousands of years and whose understanding is paramount for our soul’s survival. In short, it makes you aware of the forces within and without yourself that influence your life. Saint John used in his book of the ‘Apocalypsis’ precise symbols and arithmetic ciphers that were ‘Understood’ only by early Christian Gnostics, both numbers and symbols have been approached superficially for lack of the experiential Knowledge of God. It is only this rare gift what makes of a man a ‘Gnostic’ and gives him what Saint John called - ‘Understanding.’ This is why he makes sure to specify: ‘Let those who have Understanding, compute the number of the beast, for it is the name of a man. And his number is 666.’ Those who have only the logic, intellectual knowledge to decipher them, have believed Saint John’s numbers to be without more meaning than the symbolic. This is a capital error - no one is able to understand correctly anything written in the Sealed book of Saint John, one of the most mysterious manuscripts ever written without the secret numerological code, especially when we deal with the Antichrist. Without the code used to unveil the mysteries, it’s literally impossible to discover his true identity or to know why does he have so much power over human beings. Many have made superficial conclusions about the identity of the Antichrist, some of the most popular were based on the misinterpretation of a prophecy of Nostradamus, others have been overtly based on social preferences or fears, i.e. Hitler, Gorbachev, Saddam Hussein, any of the Popes, etc. Meanwhile, the true identity of the Antichrist remained unknown and well protected behind the wall built around him by all these wild theories about his identity. As I said before, the early Christian Gnostics used specific systems of numbers and symbols to protect from malice or distortion of truth the High Mysteries of Christianity and to communicate them to each other without endangering their purity, as only those possessing the secret code could disclose them. They were forced to do this, not only to protect the purity of the Christ Mystery, but also the knowledge they had of other mysteries who concerned the adversary forces, the ones whose role is to oppose the Christ on earth. One of these mysteries, maybe the most feared of all, is the mystery of the number 666, the number of the adversary of the Christ, the satanic beast who is supposed to reign on the earth as the false Messiah; his identity, is also the most misinterpreted identity of history. Well, that is not the case anymore, ‘The Era of the Antichrist’ reveals his true identity. Oddly enough - because we must be very near to the time when he is going to reveal himself - his followers are willingly corroborating the information given in this book, by acknowledging that they have been working for this end for hundreds and thousands of years and by talking openly, for the first time in history about their preparation for his coming and the great benefits that the world is going to receive by having ‘someone like him’ change things on earth, etc. Our Savior in the course of His instructions to the apostles about the coming of His adversary, gave them special signs to watch for that would signal the end of times, but no date. To that I adhere myself, because if He Who Is the Beginning and the End gave only the signs, and no specific time, is because of a perfect understanding of things. So, I follow His direction, observe the signs and put the action to communicate them to others. Like it or not, most of the signs have already been fulfilled– this may be pleasant or unpleasant to hear, but in these times Truth, more than ever, is a ‘life saver’ being handed to you, which may help you to survive. So I exhort those who have ears to hear and who want to be part of His Kingdom to inform themselves correctly about the true identity of the ‘adversary’ of the Christ; because ‘he will deceive many, even the elect if that were possible’ as Our Lord Jesus Himself said. ‘The Era of the Antichrist’ uses the secret numerological code used by Valentinus a disciple of Saint John to unveil the identity of the dreaded beast of the ‘Apocalypsis.’ The only correct computation and conclusions that I have knowledge of, were made by Rudolph Steiner, and G.R. Mead, and both had a different aspect than the one presented in ‘The Era of the Antichrist’ – because the time of the Antichrist was not due yet. But now, the time is ripe and the breaking of the seals of mystery of the Apocalypse is possible. It is now also possible to offer a book like this to the general public because there are technological mediums that allow us to communicate in ways that before were not possible. Book distribution, for instance, was before controlled by big publishing houses, which would probably have stopped most books containing a subject such as this – if it was accurate and true - from reaching the public. The big difference between ‘The Era of the Antichrist’ and other books in which there are diverse intellectual theories given about the mystery of the Antichrist is that ‘The Era of the Antichrist’ does not theorize, or uses a modern system of numerology; it ‘computes’ as Saint John directed us to do. It unveils the identity of the Antichrist, not by intellectual conclusions, but by disclosing its mystery with, if not the same numerical code that Saint John used, a code one of his disciples used, and which was in use in 96 AD, the time when Saint John wrote his document. ‘The Era of the Antichrist’ is a book for our era, a book of ‘spiritual survival.’ The correct Understanding of this matter is vital for the souls of every living being. As vital as to know what to do when a killer hurricane is coming. If you have ‘a hurricane preparedness pamphlet’ and you follow its instructions chances are that you will be able to survive the hurricane. Please use it well.

Deeper Secrets of Human Evolution in the Light of the Gospels Rudolf Steiner 2021-10-14 ‘The personality who received the Christ Being into himself in his thirtieth year is a complex entelechy. Only on the basis of the Akashic Record can an accurate view be gained as to why the life of Jesus is so diversely presented in the various Gospels...’ – Rudolf Steiner Previously untranslated, this collection of twelve lectures represents a middle point in Rudolf Steiner’s unique exposition of the Christian gospels – his momentous courses on St John and St Luke had already been delivered, whilst his lectures on the Matthew and Mark gospels were yet to follow. Here, he examines the varying depictions of Christ in the gospels, explaining that they represent four different but complementary perspectives. Steiner’s unparalleled insights are based on his firsthand ability to research the spiritual Akashic Record – the universal compendium of all events, thoughts, emotions and intentions. The twelve lectures include: ‘The Gospels, Buddha and the two Jesus children’; ‘Four varying depictions of Christ in the four Gospels’; ‘The Mission of the ancient Hebrew people’; ‘Preparations for an understanding of the Christ Event’; ‘On the right attitude to Anthroposophy’; ‘The Gospel of Matthew and the Christ conundrum’; ‘Group souls and Individuality’; ‘God within and the God in outer manifestation’; ‘The Christmas tree as a symbol’; and ‘A Christmas mood’. Translated by Christiana Bryan, this volume features an introduction by Tom Ravetz as well as notes and an index.

10 Cosmic Commandments Bodil Storm 2017-09-18 “THE VISIONARY”, said the voice loud and clear. “Then who is the visionary?” I asked. “I am the messenger who speaks to your Higher Self!” the voice answered. The voice which amazed Bodil Storm an early winter morning, proves to be Horus, the Sun God in Egyptian mythology. Bodil grabs for pencil and paper and starts to ask – and Horus answers... The contact develops into a conversation where universal laws and important principles in earth’s and human’s evolution are explained in a direct and clear way. Horus gives us important knowledge of the multi-dimensional universe where the key-word is Equilibrium, and how we humans need to establish this on all levels in order to develop into a new and golden age which is approaching... 10 Cosmic Commandments is an important book giving us a new perspective of natural laws and how we can use them to guide us into the future. Bodil Storm describes how each human has a source of inner wisdom, which can be used to create a positive future for him/herself and others. It also focuses on the importance of establishing balance between masculine and feminine energies, in order to live in harmony with Mother Earth and The Universe.

The Duality of Being Susan Nicholas, MD 2018-10-24 The Duality of Being details my life and the convoluted journey I made into higher realms of consciousness through my out-of-body travels. In this book, I will share with you the perspectives I’ve gained that have improved my quality of life, decisions, and relationships. Each of us has the innate ability to separate our life energy from our physical body and travel into faraway dimensions. Many who have experienced multidimensional travel have had a near-death experience that led to this life-changing phenomenon. Others, like myself, have for many years traveled spontaneously into distant realms and this book details the many discoveries. Though this type of energetic travel cannot be measured or assessed with current scientific tools, it is as real an experience as traveling by airplane to visit coveted locations around the world. If my experience is any indication, multidimensional travel is available to us all and offers us a gateway into higher or expanded levels of consciousness. True consciousness comes from the expanded awareness that you are infinitely more than your physical body and that reality is a concept far beyond our physical world.

Light Pollution as a New Risk Factor for Human Breast and Prostate Cancers Abraham Haim 2013-06-03 Humans are diurnal organisms whose biological clock and temporal organization depend on natural light/dark cycles. Changes in the photoperiod are a signal for seasonal acclimatization of physiological and immune systems as well as behavioral patterns. The invention of electrical light bulbs created more opportunities for work and leisure. However, exposure to artificial light at night (LAN) affects our biological clock, and suppresses pineal melatonin (MLT) production. Among its other properties, MLT is an antioncogenic agent, and therefore its suppression increases the risks of developing breast and prostate cancers (BC&PC). To the best of our knowledge, this book is the first to address the linkage between light pollution and BC&PC in humans. It explains several state-of-the-art theories, linking light pollution with BC&PC. It also illustrates research hypotheses about health effects of light pollution using the results of animal models and population-based studies.

The Human Body of Light Mitchell Earl Gibson MD 2014-03-22 According to legend, a number of ancient spiritual masters have dissolved their physical bodies into pure energy. Most used special exercises and techniques that had to be applied over a period of years, the results of which were the total transformation of the physical form into a form of self sustaining light energy. The new light form was immortal and indestructible. Somehow, these legends have not made it into our Western lexicon. The Body of Light represents a complete and total and radical transformation of one’s status of being, a rediscovery of what was primordiallly present, and this condition is permanent. It is Awareness itself and is dependent on nothing else. This may be compared to the various Christian notions of transfiguration, resurrection, and ascension. There exists in history many examples of the successful completion of this process. Even in recent years there have been a number of Tibetan Lamas, both Buddhist and Bon-po, who attained realization of the Rainbow Body (‘ja-lus-pa) at the end of their lives and some of these occurrences were witnessed by Chinese Communist officials. In this book The Human Body of Light, board-certified psychiatrist and author Dr. Mitchell Earl Gibson explores this fascinating arena of human potential. This book is designed to explore one question; is it possible for the human body to evolve into pure energy? Through meticulous research and one-of-a-kind insightful observations, The Human Body of Light explores the real phenomenon of an extraordinary type of human evolution. The realizations that accompany this knowledge has the potential to change our understanding of what it means to be human.

Angelic Wisdom about Divine Love and about Divine Wisdom Emanuel Swedenborg 2003 While many of Emanuel Swedenborgs writings rely heavily on the Bible, Divine Love and Wisdom appeals directly to human experience. It describes a loving God who is equally present with all people on earth regardless of race or religion and explores the underlying unity of all living things.

The Physics of Spirit: God, Heaven and Human Consciousness Derryl Hermanutz 2014-06-15 Our human body-brain is an exquisitely sophisticated electronic device that generates its own electromagnetic conscious "spirit", and provides that spirit with electromagnetic information about this reality. Our human spirit is made of radio wave energy that can be picked up by an EEG and represented as "brainwaves" on a monitor, rather than the shorter faster bandwidth of visible light. But when our conscious spirit is compressed and accelerated it can literally become a spirit that is made of visible light. Light can exist as free energy. Which is how our human spirit can survive its body's death to go and live in an environment that is made of whole white light -- heaven, nirvana, paradise, the All. At the speed of light time becomes eternally long. We can live in an eternity of light. As human spirits we are children of the Gods -- a family. Many humans remain spiritual infants or adolescents. But some humans -- we might call them awakened ones -- are learning how to be spiritual adults.

God Is Bipolar A.M. Star 2019-10-11 Prologue When we think of polarity, most think of a magnet, or a triple A battery, filled with small traces of radiation or energy. In fact, every star has atomic energy that love created in the Big Bang with that infamous BBBBBBOOM!!! When we think of polarity, we begin to unravel diligent truths, from the truest God, much different than what we ever thought. We also begin to think of God much differently than traditionally taught in the bible. Tru Hu Blu, God of unconditional Love, is living truly hidden inside your body. Inside your altar, in your trinity temple, within your soul of unconsciousness, you will find God. Your unconscious mind records everything. You also have almighty power in the holy Spirit, which is your subconscious mind, and your angel of the future. Your spirit of guidance, in the altar ego to guide you home. When we listen to this Almighty sleeping giant, we find success and abundance in all things. Nothing is off limits to you, when you literally know True God, the grand architect of the Universe. The king and queen of all crowns is found. Life for the better begins to change, and everything becomes greater with each new day. When we know the truth, we begin to appreciate life enough to make our lives more fulfilling. Blind faith becomes absolute Faith, and the emptiness we once felt inside, becomes whole. Acceptance of all things good or bad, teaches us the stories, that we all need to grow, and blossom. This happens to anyone who dares to seek the real truth, and accept it when found. The real truth is already programmed inside you. To find it, you must forget everything you think you know with a closed mind, and open your mind to all possibilities. All knowing properties are in there too! When we begin to accept the truth, our purpose for living is found. We begin picking up the holy cross of principles, we find the real example of the royal crown. It is then that we realize, that a real living God is truly found, and you are found in this process. The rewards of abundant success in all things, follows. When you accept the whole truth, when it is found, you will realize that we have all been lied to. But why? There must be a good reason. Everyone deserves a chance, and love deserves the return in favor. With that, the awakening begins, as the truth sets us all free, in the rise of humanity's awakening. Spiritual resurrection will lead to angels on Earth, without the fire and brimstone. Love casts no judgement, just acceptance, and appreciation. As we climb to the top of the pyramid, we learn diligence is very important to find True God. The truth is found with our diligence as we learn the hidden secrets, that lead to all great human accomplishments. We also learn that man has no power without Hu. When we look back at a not too distant past, we remember cartoons as kids. With the devil on one shoulder and an angel on the other. Do you remember? Thus began the truth in the battle of the ego and the altar ego for control of the unconscious mind, for control of your consciousness. Your body is The vessel. Which one controls you like a robot? The battle of the mind, is the spiritual warfare for your soul. As kids, we probably we never truly understood the hidden light behind it. It was meant for the future, in a sign from a seed planted by True God, set up for this very moment in time. Knowing these secrets, will open your eyes! Today, most of society is in a trance, they are schlepping like zombies wandering through darkness, convinced they are sheep, with a ten billion dollar computer inside their heads, they aren't even allowed to use, to save themselves. There's power in the principality of Seven twice. 7-up. Humanity has been lied to about nearly everything including God, from past dictators. But Why? In the Universal law of polarity, we begin the journey of truth, when the words begin to unravel, from the hidden light. Words, have a spirit of light, or a spirit of darkness. Each word ever created, has a meaning behind it, and all meanings are possessed spirits. Therefore, all words have spirits, and all spirits are found withering in darkness like lost sheep, or found like a diamond in the brilliance of true light with Lucy. With the separation of words into two piles of lightness or darkness, we begin to awaken to the real truth. Categorizing every word into light or darkness, will help the messianic congregation of the Almighty, find True God. Most importantly, you will find yourself. We are the Church of Hidden Light. "We are the world. We are the children." - Michael Jackson. It's time to make the world a better place, let's start sharing knowledge. We are the church of the future. Religion is the reminder of darkness, missing its true light. Carefully dissecting every word of human communication into light or darkness, we begin to find truths about all things, in the only living God that exists. Trust the flame. One True God, tells a completely different story, in the truth about life, and the reason for our existence. The polar bear will always keep you warm. Our love burns deep, while hell is freezing. She's cold as ice, she's willing to sacrifice our love. In our quest, we will finally realize the truth in the battle of religion vs. spirit. Money is not the root of all evil, religion is. Knowledge is a principle of light, found through diligence, and knowledge is the value of money in the modern world. In the future, no nation, or group of men control its power. Compensation returns to God we trust, the infinite power, as the result. The human with the most knowledge in the world, is the human who is the most respected. Money without knowledge is not respected. Empty money always withers away, like a wo/man in an empty suit. In God we trust.

Compensation is the universal law leading to spiritual, and physical freedom. It governs karma. Trust Bitcoin. The dragon has better karma than the serpent with no legs. When society finally realizes the dupe of the false past, they will find the real and true messiah in the making, who in spirit who wrote this book, the fire dragon. Our spirits are the light of God, and religion is the spirit of the darkness. Religion is worldly. The world is still in the dark ages, ready for the light in the moment of truth. Are you ready for it? When we understand the laws of the universe, we are able to see the science behind God's universal existence. In the mirror of God's reflection, we also begin to realize tricks from the real adversary. Hell is given to anyone who has given hell the thought of it. Hell only belongs to those who fear it, given it life, through thought. Thoughts are the basis of spirits creating matter in the physical world. The God fearing never see the devil coming, as the wolf dressed in the shepherd's clothing. In Universal Law of Attraction, the science of attracting hell is found. Welcome to karma 101= 2. When we acknowledge the real truth, found in the laws of the universe, we begin to realize, that we are born with a spirit, not a religion. Truth is either 100% or it cannot be counted as whole truth, or even truth at all. Any less than 100% is not true by entirety. Truth can be brutal just as love is tougher than any tough guy, and love conquers all, including the tough guy. Your uncorrupted spirit inside your temple, knows when it hears the truth. The light bulb goes off from the genie trying to gain your attention because your spirit knows the truth. Pay attention. Appreciate all the small things, and move slower so you cherish every moment. The truth makes sense, and your spirit is always sensing, it's your key to the universe, that becomes a multiverse of possibilities. The bible has many truths, but it also has many contradictions, when it is not read correctly to see the adversary's fingerprint is also in there as well, causing the contradictions. The devil is in the details. Many make excuses for it as God fearing souls, but True God is not the one to be feared. Have no fear, the universe is balanced, and you should be too. In the principle of truth, we begin to realize that love truly conquers all, and the truth, doesn't contradict itself. The truth provides huge principles to economic values, which equates to abundant rewards for all. The truth is found inside the wealthy who walk all around us. Most don't notice to appreciate the great leading examples that God leads, in the wealthy. The examples of righteousness are found in the principle actions of wealthy spirits. Fruitions always prove truth about anyone. The truth always makes sense. A famous statement from Judge Judy is, "If it doesn't make sense it isn't true." She is true. Truth is an important principle, that your true spirit recognizes as light. In finding the truth, you will find success in all things, leading to true happiness. God always wants abundance for the faithful. Financial freedom buys happiness. It does not buy people who are true, and money does not buy successful relationships. It surely does not buy True God. In God we trust, we never trust in money. Knowledge is power. It all begins with the diligence of today, so keep reading, a better tomorrow is coming, and help is on the way.

Human Rights and the Body Dr Annabelle Mooney 2014-09-28 Human Rights and the Body is a response to the crisis in human rights, to the very real concern that without a secure foundation for the concept of human rights, their very existence is threatened. While there has been consideration of the discourses of human rights and the way in which the body is written upon, research in linguistics has not yet been fully brought to bear on either human rights or the body. Drawing on legal concepts and aspects of the law of human rights, Mooney aims to provide a universally defensible set of human rights and a foundation, or rather a frame, for them. She argues that the proper frames for human rights are firstly the human body, seen as an index reliant on the natural world, secondly the globe and finally, language. These three frames generate rights to food, water, sleep and shelter, environmental protection and a right against dehumanization. This book is essential reading for researchers and graduate students in the fields of human rights and semiotics of law.

The Third Path Bud Carroll 2013-08-01 "When I finished reading this book, all I could say was WOW! What a stunning piece of literary work... It is concise, brilliantly written, backed by scientific findings, with clear human logic and intelligence. If this doesn't awaken the masses to delve into who and what they truly are, I can't imagine what will." ~ Jerry Issa, teacher of metaphysics, Trenton, Michigan This book will change your life if you let it. If we are accidental beings on a remote planet in a vast universe, existing for merely a blip in cosmic time, what's the point of living at all? Until we learn life is too significant to be a short-lived brilliance that rises out of nothing and ends in nothing, we will continue to live out our lives in, what Thoreau saw as, quiet desperation. We sense the materialistic wall when we ask the question, "Is that all there is?" Without resorting to miracles or magic, this book provides compelling evidence of life beyond the physical world by logically investigating the limitations of matter in the universe, by examining the gaps in scientific theories and by analyzing what the mystics already know about a spiritual existence. It takes a dedicated seeker with no preconceived ideas and no intent on arriving to see beyond the materialistic wall. This book is intended to expand your awareness of life here and hereafter, hopefully providing the spark that will start you on your own personal pilgrimage. The mystics tell us we will be guided to the next step along our spiritual path when we are ready. Are you ready? AWARENESS: The following might be the thoughts of those at different levels of awareness as they walk through a rose garden. I want - I wonder how much I could get for these roses. I believe - God created roses when He created the world and everything in it. I doubt - Roses evolved from wild flowering shrubs, but most garden varieties are hybrids. I seek - How could anything as beautiful as a rose happen purely by chance? I know - Roses, like all life on Earth, are physical manifestations of spirit.
