Economic and Personal Finance Education in Our Nation's Schools In 2004 Robert F. Duvall 2008-10 This survey gives an indication of how best to address the teaching of economics and personal finance in our nation. It must be state-by-state, because that is where curriculum decisions are made. The federal government must

encourage states to place economic and personal finance education not only into state standards, but into the core curriculum. This report looks at the national picture and sees where we are succeeding and where we need more attention. Tables and maps.

De kunst van het observeren Amy E. Herman 2016-10-11

Ieder van ons mist soms essentiële informatie. Eén detail over het hoofd zien of één woord verkeerd interpreteren heeft direct gevolgen voor hoe we ons werk doen, hoe we met anderen omgaan en hoe we onze kansen en bedreigingen inschatten. Iedereen kent inmiddels het beroemde voorbeeld van de gorilla die door het beeld loopt en die je in eerste instantie niet opmerkt. Hoe is dat mogelijk? Amy Herman leert ons nauwkeuriger waar te nemen en daar effectiever over te communiceren. Kunst kijken is daarbij haar uitgangspunt. Samen met de lezer

bestudeert en analyseert ze verschillende kunstvoorwerpen. Door Waterlelies van Monet te bekijken kun je je bedrijf miljoenen besparen en door Automat van Edward Hopper te bestuderen kun je de dief van je portemonnee identificeren. Door aandachtiger te kijken leer je je gedachten te ordenen, strategisch en kritisch te denken, betere besluiten te nemen en empathischer te zijn.
