Who's Who in Canadian Business 2001 Gillian K. Holmes 2001-03-01 Who's Who in Canadian Business, now in its 21st year, is a comprehensive and independent guide to Canada's business elite. Listing over 5,000 corporate and entrepreneurial leaders, each with a detailed biography and contact information, this directory is an excellent resource for anyone needing information on Canada's business world. Biographies include such information as current employment, address, education, career history, publications, favourite charities, and honours. Those listed are included because of the positions they hold in Canadian business and industry, or because of the contributions they have made to business in Canada. The directory is updated annually; new and updated biographies are marked for easy reference. All biographies are indexed by company name. Included in this edition is the PROFIT 100 / Next 100 listing of Canada's fastest-growing companies, as well as a list of professional associations, each with full address, contact names, and a brief description.

Games and Sport in Everyday Life Robert S. Perinbanayagam 2015-11-17 "This is a powerful, richly nuanced, evocative work; a stunning and brilliantly innovative pedagogical intervention. It provides ground zero-the starting place for the next generation of theorists who study the self, narrative theory, and the place of games and sport in everyday life. A stunning accomplishment by one of America's major social theorists." Norman K. Denzin, University of Illinois at Urbana-Champaign Games of many kinds have been played in all cultures throughout human history. This wide-ranging book explores the social and psychological processes involved in the playing of games. One player (or team) seeks to outwit another by undertaking various physical and communicative moves-not unlike conversations. Games have well-formed "narrative" structures, analogous to myths, that are enacted by each participant to give play to his/her self and its attendant emotions. These plays of the self enable each agent to seek adventures and heroic moments. Going beyond the mythmaking and catharsis that may be achieved by individuals, the author shows how games have been devised and played in particular societies and eras as means of promoting specific ideologies of a society, even social ideals such as utopias.
