2014-12-04 At the age of almost 47 years old I find myself travelling South on the M6 Motorway heading towards the village that I grew up in, almost 37 years have passed since I was wrenched overnight from everything I knew ... On May 16th this year my Parents would have celebrated their 50th Wedding Anniversary that is, if things had been different ... The journey is a strange one as I find my mind racing through my memory recalling so many different events both good and bad, I'm not scared, it's taken me all these years to conquer my fears but I have finally managed it. Firstly I stop at Corley Services on the motorway, the very same motorway that over three decades ago I was trying to rescue my cat Kitty from. I buy coffee and stand in the midday sun chatting with three of my closest friends as we eat our freshly prepared picnic, they are 100% behind me with the book and are all excited about reading the final draft. On we go and before long I am turning the car right into Shakespeare Avenue where I pull the car over to the side of the road so that I can take a photograph of the street name, I then coast the car slowly down the road with my eyes darting in every direction trying to absorb everything until they come to rest upon the house where my story began when I was only 2 years old. Further on down the road past Bonnie's old house, my Great Auntie Penny's and Great Uncle Edwin's old place and then Cleggy's old house until I reach the place where my little friend Maddie breathed her last breath ...

Pride Michael Eric Dyson 2006-02-01 Of the seven deadly sins, pride is the only one with a virtuous side. It is certainly a good thing to have pride in one's country, in one's community, in oneself. But when taken too far, as Michael Eric Dyson shows in *Pride*, these virtues become deadly sins. Dyson, named by *Ebony* magazine as one of the 100 most influential African Americans, here looks at the many dimensions of pride. Ranging from Augustine and Aquinas, MacIntyre and Hauerwas, to Niebuhr and King, Dyson offers a thoughtful, multifaceted look at this "virtuous vice." He probes the philosophical and theological roots of pride in examining its transformation in Western culture. Dyson discusses how black pride keeps blacks from being degraded and excluded by white pride, which can be invisible, unspoken, but nonetheless very powerful. Dyson also offers a moving glimpse into the teachers and books that shaped his personal pride and vocation. Dyson also looks at less savory aspects of national pride. Since 9/11, he notes, we have had to close ranks. But the collective embrace of all things American, to the exclusion of anything else, has taken the place of a much richer, much more enduring, much more profound version of love of country. This unchecked pride asserts the supremacy of America above all others--elevating our national beliefs above any moral court in the world--and attacking critics of American foreign policy as unpatriotic and even traitorous. Hubris, temerity, arrogance--the unquestioned presumption that one's way of life defines how everyone else should live--pride has many destructive manifestations. In this engaging and energetic volume, Michael Eric Dyson, one of the nation's foremost public intellectuals, illuminates this many-sided human emotion, one that can be an indispensable virtue or a deadly sin.

Darkness Raging Yasmine Galenorn 2016-02-02 The New York Times bestselling author of *Panther Prowling* returns to the Otherworld where one of the D'Artigo sisters faces a terrifying challenge that's more personal than she ever could have imagined. We're the D'Artigo sisters: savvy half-human, half-Fae ex-operatives for the Otherworld Intelligence Agency. My sister Camille is a wicked-good witch. Delilah is a two-faced

Apparently, my position as Roman's consort entails more than I imagined... As the Demon Lord Shadow Wing creates his own sinister version of the Keraastar Knights—the guardians of the spirit seals—to destroy the portals and free himself from the Sub Realms, his ally, the necromancer Telazhar, leads an assault from Otherworld into the streets of Seattle. And my sisters and I are caught dead center. Then, on the eve of war, my wife, Nerissa, is captured. The enemy demands we surrender the rest of the spirit seals, or they are going to kill her. Pride Parades Katherine McFarland Bruce 2016-10-04 On June 28, 1970, two thousand gay and lesbian activists in New York, Los Angeles, and Chicago paraded down the streets of their cities in a new kind of social protest, one marked by celebration, fun, and unashamed declaration of a stigmatized identity. Forty-five years later, over six million people annually participate in 115 Pride parades across the United States. They march with church congregations and college gay-straight alliance groups, perform dance routines and marching band numbers, and gather with friends to cheer from the sidelines. With vivid imagery, and showcasing the voices of these participants, *Pride Parades* tells the story of Pride from its beginning in 1970 to 2010. Though often dismissed as frivolous spectacles, the author builds a convincing case for the importance of Pride parades as cultural protests at the heart of lesbian, gay, bisexual, and transgender (LGBT) community. Weaving together interviews, archival reports, quantitative data, and ethnographic observations at six diverse contemporary parades in New York City, Salt Lake City, San Diego, Burlington, Fargo, and Atlanta, Bruce describes how Pride parades are a venue for participants to challenge the everyday cultural stigma of being queer in America, all with a flair and sense of fun absent from typical protests. Unlike these political protests that aim to change government laws and policies, Pride parades are coordinated, concerted attempts to improve the standing of LGBT people in American culture. Toen God een konijn was Sarah Winman 2011-09-05 1968. Het jaar dat heel Parijs de straat opgaat. Het jaar dat Martin Luther King zijn leven verliest om een droom. Het jaar dat Eleanor Maud Portman wordt geboren. Het wereldbeeld van de jonge Elly wordt gevormd door de

mensen om haar heen: haar liefhebbende maar hinderlijk afwezige ouders; een beste vriendin die naar patat ruikt; een lesbische tante die filmster is, een oude joodse buurman die het niet zo nauw neemt met de waarheid; een bejaarde dandy die al dansend haar leven in komt, meteen gevolgd door een Shirley Bassey-imitator, en, natuurlijk, een konijn dat god heet. In een kindertijd die zowel gewoon is als buitengewoon, is Elly's enige constante haar broer Joe. Twintig jaar later zijn Elly en Joe volwassen en nog net zo close als ze altijd waren. Totdat, op een zonnige ochtend, een wereldschokkende gebeurtenis hun band voor altijd dreigt te verbreken. Toen god een konijn was is een roman over een kindertijd, over opgroeien, over vriendschap en familie, triomf en tragedie en alles daartussenin. Maar bovenal is het een roman over de liefde in al haar vormen.

[Understanding Collective Pride and Group Identity](#) Gavin Brent Sullivan 2017-01-27 Collective and group-based pride is currently covered across a number of disciplines including nationalism studies, sociology and social psychology, with little communication between fields. This multidisciplinary collection encourages interdisciplinary research and provides a unique insight into the subject, stemming from a psychological perspective. The collection builds upon insights from collective emotion research to consider the relations between collective pride, shame and guilt as well as emotions of anger, empowerment and defiance. Collective pride is examined in contexts that vary from small groups in relatively peaceful competition to protest movements and large groups in divisive conflicts. In the book collective pride is a complex and positive emotional experience evident in the behaviour of groups, that can lead to negative forms of collective hubris in which other groups are devalued or dominated. *Emotions of Collective Pride and Group Identity* brings together international contributors to discuss the theory, research and practice surrounding collective pride in relation to other emotions and collective, cultural and national identity. Divided into two parts, part one explores the philosophy and theory behind collective pride and its extremes. Part two draws upon the latest quantitative and qualitative empirical research to focus on specific issues, for example, happiness, national pride and the 2010 World Cup. Topics covered include: - cultural and national pride and identity - positive feelings of unity and solidarity - dynamic relationships between collective pride, guilt and shame - theories of emotions in ritual, symbolic and affective practices - collective pride and collective hubris in organizations - perspectives on national events from young people. This book will appeal to an interdisciplinary audience in the area of affect studies and emotion research including social psychologists, sociologists, historians and anthropologists.

[The Black Panther Party in a City near You](#) Judson L. Jeffries 2018-02-01

This is the third volume in Judson L. Jeffries's long-range effort to paint a more complete portrait of the most widely known organization to emerge from the 1960s Black Power Movement. Like its predecessors (*Comrades: A Local History of the Black Panther Party* [2007] and *On the Ground: The Black Panther Party in Communities across America* [2010]), this volume looks at Black Panther Party (BPP) activity in sites outside Oakland, the most studied BPP locale and the one long associated with oversimplified and underdeveloped narratives about, and distorted images of, the organization. The cities covered in this volume are Atlanta, Boston, Dallas, and Washington, D.C. The contributors examine official BPP branches and chapters as well as offices of the National Committee to Combat Fascism

that evolved into full-fledged BPP chapters and branches. They have mined BPP archives and interviewed members to convey the daily ups-and-downs related to BPP's social-justice activities and to reveal the diversity of rank-and-file BPP members' personal backgrounds and the legal, political, and social skills, or baggage, that they brought to the BPP. The BPP reportedly had a presence in some forty places across the country. During this time, no other Black Power Movement organization fed as many children, provided healthcare to as many residents, educated as many adults, assisted as many senior citizens, and clothed as many people. In point of fact, no other organization of the Black Power era had as great an impact on American lives as did the BPP. Nonetheless, when Jeffries undertook this project, chapter-level scholarly investigations of the BPP were few and far between. This third book, *The Black Panther Party in a City Near You*, raises the number of BPP branches that Jeffries and his contributors have examined to seventeen. Contributors: Curtis Austin, Judson L. Jeffries, Charles E. Jones, Ava Kinsey, Duncan MacLaury, Sarah Nicklas, John Preusser.

Travel, Tourism, and Identity Gabriel R. Ricci 2017-09-29 *Travel, Tourism and Identity* addresses the psychological and social adjustments that occur when people make contact with others outside their social, cultural, or linguistic groups. Whether such contact is the result of tourism, seeking exile, or relocating abroad, the volume's contributors demonstrate how one's identity, cultural assumptions, and worldview can be brought into question. In some cases, the traveller finds that bridging the social and cultural gap between himself and the new society is fairly easy. In other cases, the traveller discovers that reorienting himself requires absorbing a new cultural history and traditions. The contributors argue that making these adjustments will surely enhance the traveller's or tourist's experience; otherwise the traveller or tourist will be at risk of becoming a marginalized figure, one disconnected from the society that surrounds him. This latest volume in the *Culture & Civilization* series features a collection of essays on travel and tourism. The essays cover a range of topics from historical travels to modern social identities. They discuss ancient travels, contemporary travels in Europe, Africa and sustainable eco-tourism, and the politics of tourism. Essays also address experiences of Grenada's "Spice Island" identity, and the effects of globalization and migrations on personal identity.

[Political Authority and Provincial Identity in Thailand](#) Yoshinori Nishizaki 2018-08-06 The powerful Thai politician Banharn Silpa-archa has been disparaged as a corrupt operator who for years channeled excessive state funds into developing his own rural province. This book reinterprets Banharn's career and offers a detailed portrait of the voters who support him. Relying on extensive interviews, the author shows how Banharn's constituents have developed a strong provincial identity based on their pride in his advancement of their province, Suphanburi, which many now call "Banharn-buri," the place of Banharn. Yoshinori Nishizaki's analysis challenges simplistic perceptions of rural Thai voters and raises vital questions about contemporary democracy in Thailand. Yoshinori Nishizaki's close and thorough examination of the numerous public construction projects sponsored and even personally funded by Banharn clearly illustrates this politician's canny abilities and tireless, meticulous oversight of his domain. Banharn's constituents are aware that Suphanburi was long considered a "backward" province by other Thais—notably the Bangkok elite. Suphanburians hold the neglectful central government responsible for their province's former sorry condition and humiliating reputation. Banharn has successfully identified himself as the antithesis to the inefficient central state by promoting rapid "development" and advertising his own role in that development through well-publicized donations, public ceremonies, and visits to the sites of new buildings and highways. Much standard literature on rural politics and society in Thailand and other democratizing countries in Southeast Asia would categorize this politician as a typical "strongman," the boss of a semiviolent patronage network that squeezes votes out of the people. That standard analysis would utterly fail to recognize and understand the grassroots realities of Suphanburi that Nishizaki has captured in his study. This compassionate, well-grounded analysis challenges simplistic

perceptions of rural Thai voters and raises vital questions about contemporary democracy in Thailand.

Believing Faith Tommy Lilja 2017-01-03 Are You a Believer? Then Start Believing! Faith is like having a bicycle. You can talk about how far it can take you, but until you actually use it, you won't go anywhere! The same is true of your faith. Though you receive it when you first accept Christ, only by using faith can you get to the places and promises God has for you. And how do you use faith? By believing. In *Believing Faith*, Tommy Lilja illuminates the process of turning inactive faith into believing faith. Drawing both from his supernatural testimony and the Word of God, Tommy imparts lessons for living supernaturally, getting victory over the devil, and weathering the tribulations that come with being a believer. He also shares, step by step, the journey to where believing begins: that secret place with God. Just as a builder, a manager manages, and a teacher teaches, a believer is someone who believes. Do you know how to believe? Let Tommy teach you how in *Believing Faith*.

Shame and Glory of the Intellectuals Peter Viereck 2017-07-05 In this classic volume, written at the height of the Cold War, with a new preface of 2006, Peter Viereck, one of the foremost intellectual spokesmen of modern conservatism, examines the differing responses of American and European intellectuals to the twin threats of Nazism and Soviet communism. In so doing, he seeks to formulate a humanistic conservatism with which to counter the danger of totalitarian thought in the areas of politics, ethics, and art. The glory of the intellectuals was the firm moral stance they took against Nazism at a time when appeasement was the preferred path of many politicians; their shame lay in their failure to recognize the brutality of Stalinism to the extent of becoming apologists for or accomplices of its tyranny. In Viereck's view, this failure is rooted in an abandonment of humane values that he sees as a legacy of nineteenth-century romanticism and certain strands of modernist thought and aesthetics. Among his targets are literary obscurantism as personified by Ezra Pound, the academicization of literary culture, the rigidity of adversarial avant-gardism, and the failure of many writers and cultural institutions to conserve the very heritage their political freedom and security depend on. Viereck represents their attitude in a series of satirical dialogues with Gaylord Babbitt, son of Sinclair Lewis' embodiment of conservative philistinism. Babbitt Junior is as unreflective as his father, but the objects of his credulity are the received ideas of liberal progressivism and avant-garde mandarinism. Ultimately, Viereck's critique stands as a timely rebuke to the extremism of both left and right.
Sin, Pride & Self-Acceptance Terry D. Cooper 2009-09-20 What is at the root of the problem of humanity? Is it pride or lack of self-esteem? Do we love ourselves too much or too little? The debate about the human condition has often been framed this way in both theological and psychological circles. Convictions about preaching, teaching, marriage and child rearing, as well as politics, social welfare, business management and the helping professions, more often than not, fall on one side or the other of this divide. With theological and psychological insight Terry D. Cooper provides trenchant analysis of this centuries-long debate and leads us beyond the usual impasse. Humanistic psychology has often regarded traditional Christianity as its archrival in assessing the human condition. Cooper demonstrates how the Christian doctrine of a sinful and fallen humanity sheds light on the human condition which exhibits both pride and self-denigration. Bringing theological insights ranging from Augustine and John Calvin to Reinhold Niebuhr together with the psychological theories of Freud, Jung, Carl Rogers, Gerald May and Karen Horney, Cooper guides readers through the maze of competing claims to a resolution which affirms Christian conviction while critically engaging modern psychological theory. A model of the proper integration of Christian theology and the discipline of psychology, *Sin, Pride & Self-Acceptance* will be of special help to students and practitioners of psychology, pastoral counseling and clinical psychology.
