An Exposition of the Old and New Testament Matthew Henry 1856

Why Are You Still a Slave ?

Peter Johnson 2012-12-25

Wealthy people study wealth!

Life without reading books is

like jogging while dragging a

car tyre. Ideas in this book

could save or make you

Millions, Some readers already

have. "Success is a choice,

Make it yours", Buy this book

today :-) There are many books

about making money but like

my rich uncle used to say,

those who tell don't know and

those who know seldom tell.

That is why this book is a bit

different, there is as many ways

to make wealth as there are

people on the planet and so

why would telling you the way

that suited me best help you?

The fact is that most people

read or at least buy one of these books the way some people might buy a lotto ticket. They don't really think it will win but they are prepared to pay a few dollars for the dream that all their money problems will be over this week if they read the book. I understand how attractive that sentiment is and if you want to add my book to your collection of money success dreams and have it sitting on your shelf unread for years, that is up to you. In reality most of the books on the market about how to make money, are written by people who really don't understand how they made it and that is why they can not teach you to do the same. If I won the lotto, do you really think I could write a book teaching you how to win at the lotto..... No I could only teach you how to buy a ticket and play the game. I can teach you the odds and some tricks or tips to getting cheaper tickets but the bottom line is that if you win or not, is not in my control or yours. Learn the simple rules to succeed at the three pillars of life Health

Investments Happiness The three real pillars of True wealth, without a good measure of all 3 you will have none, all have some simple but not always obvious rules that when followed lead easily to wealth of all kinds. The way letting go at the top of a slippery slide leads to the bottom with great ease and lots of fun as long as you follow the rules and don't fall off on the way down. Most people imagine wealth the other way around where if they do the hard work they can climb to the top of some financial ladder? That is why they are always working very hard and wealth eludes them. Learning the rules to any game will not make you an expert and wealth is the same, it is not a theory that is understood intellectually, it is a Lifestyle that needs to be understood by living it. You live the wealthy lifestyle when you have no money and by practice you will become better at it and eventually have lots of all 3 Pillars of Wealth. Imagine any game, you can not play the game until you learn the rules

but it is only when you step onto the field and apply the rules in faith that you start to really understand them and profit by them. Wealth is the same, you can be very wealthy at any financial level but the last thing a person with money problems needs is more money!! I actually wrote this for my children or unborn heirs, so they could learn directly from me how I changed my fortunes to retire at 25 years old. All the wealth I give my children is in this book and for a very small investment I am giving it to you, what they or you do with it is up to you. I genuinely did not write this to make money but to help other people find there freedom, I am a very open book and I talk about many of the issues that have effected the people I have advised over the years. So if this book helps you, track me down and send me an email, I am always up for a chat about important things that help peoples lives be Happier, Healthier and Wealthier.

12 regels voor het leven

Jordan B. Peterson 2018-04-20

Wat moet iedereen in de moderne wereld weten? Om antwoord te geven op deze moeilijkste vraag der vragen combineert de gerenommeerde psycholoog Jordan B. Peterson de zwaarbevochten waarheden van oude tradities met verbluffende ontdekkingen van grensverleggend wetenschappelijk onderzoek. Op humoristische, verrassende en informatieve wijze vertelt Jordan Peterson ons waarom kinderen die aan het skateboarden zijn met rust gelaten moeten worden, welk verschrikkelijk noodlot mensen die te snel oordelen te wachten staat, en waarom je altijd een kat moet aaien als je er een

tegenkomt. Peterson legt grote verbanden en distilleert daarbij uit alle kennis van de wereld 12 praktische en fundamentele leefregels. In 12 regels voor het leven maakt Jordan Peterson korte metten met de moderne clichés van wetenschap, geloof en de menselijke natuur, en tegelijkertijd transformeert en verrijkt hij de denkwijze van zijn lezers. Dr. Jordan B. Peterson (1962) is psycholoog, cultuurcriticus en hoogleraar psychologie aan de Universiteit van Toronto. Zijn wetenschappelijke artikelen hebben de moderne kijk op persoonlijkheid en creativiteit voorgoed veranderd. Peterson heeft honderdduizenden volgers op social media en zijn YouTube-clips zijn meer dan 27 miljoen keer bekeken. 'Peterson is vandaag de dag de invloedrijkste intellectueel van de westerse wereld. Voor miljoenen jonge mannen blijkt de methode-Peterson het perfecte tegengif voor de mengeling van knuffelen en beschuldigen waarin ze zijn grootgebracht.' - DAVID BROOKS, THE NEW YORK TIMES

'Hoewel ik in veel opzichten met Peterson van mening verschil, ben ik het hartgrondig eens met zijn nadruk op het zorgvuldig, zonder vooroordelen bekijken van grote maatschappelijke en persoonlijke kwesties om daar rationele, weloverwogen oplossingen voor te vinden. Dit boek staat er vol mee.' - LOUISE O. FRESCO 'Peterson stapt als een magiër door de ideeëngeschiedenis van het Westen, en hij maakt alles urgent, en stralend. Ja, er zijn regels voor het leven, met moeite gedistilleerd in de wildernis van het bestaan, gevoed met klassieke waarden en inzichten die de tand des tijds doorstaan, als wij volharden. Peterson is momenteel de belangrijkste "praktische" intellectueel.' - LEON DE WINTER 'Peterson is een genie op vele vlakken. 12 regels voor het leven is een groot, controversieel, ontvullend boek.' - THE TIMES 'Peterson is geen gebrek aan empathie te verwijten. Hij is als een vaderfiguur.' - TROUW

determinants of a happy and
fulfilling life? Widely admired
psychological researcher Rag
Raghunathan sets out to find
the answer, undertaking
extensive research into the
happiness of students, business

many of the psychological traits

get in the way of happiness.
Forging a new way forward,
Raghunathan shows how we
can transform these key traits
of success, namely the need to
be loved, the need for
importance and the need for

other behaviours, goals and
values to improve our life-long
levels of happiness.

Marriage without Misery
Darrell Rose 2021-09-03 How
can we communicate without
arguing? How can I love my
spouse who seems more like
my enemy? How did we get so
distant in our relationship? Is
divorce the best option for us?
Do any of these questions
sound familiar? If so, then this
book is for you. Darrell Rose
and his wife Cynthia, married
for more than thirty-five years,
know firsthand what it is like to

struggle. For two decades, they have counseled hundreds of married and pre-marital couples. Marriage without Misery uniquely uses actual counseling scenarios that are common in most marriage problems. This book not only identifies the root cause of chaos in marriages, but also offers solutions that are biblical, comprehensible, and practical. Marriage without Misery was written for those considering marriage, to give hope for troubled marriages, and to strengthen good marriages. It is also a great counseling resource for pastors, biblical counselors, and church laity.
