Becoming Someone New Enoch Lambert 2020-07-17
Suppose you're offered an opportunity to experience something that is unlike anything you have ever encountered, but that's all you know—aside from the fact that

the experience is physically safe and morally acceptable. How do you decide whether to take up the offer? Several philosophers have recently argued that we are in similar situations for more of our decisions than we usually recognize. Are they right? What resources can we draw on to create such situations? Are they enough to satisfy our aims of making the best decisions we can, especially in high stakes situations? This volume brings together philosophers and psychologists to investigate the phenomenon of transformative change and a host of fascinating questions it prompts. Taking their departure from seminal work on transformative choice and experience by L. A. Paul and Edna Ullmann-Margalit, the authors pursue fundamental questions concerning the nature of rationality, the limits of the imagination, and the metaphysics of the self. They also strike out into new areas, including value

Cooking Lessons Sherrie A.

Inness 2001 Meatloaf, fried chicken, Jell-O, cake-because foods are so very common, we rarely think about them much in depth. The authors of *Cooking Lessons* however, believe that food is deserving of our critical scrutiny and that such analysis yields many important lessons about American society and its values. This book explores the relationship between food and gender. Contributors draw from diverse sources, both contemporary and historical, and

look at women from various cultural backgrounds, including Hispanic, traditional southern White, and African American. Each chapter focuses on a certain food, teasing out its cultural meanings and showing its effect on women's identity and lives. For example, food has often offered women a traditional way to gain power and influence in their households and larger communities. For women without access to other forms of creative expression, preparing a superior cake or batch of fried chicken was a traditional way to display their talent in an acceptable venue. On the other hand, foods and the stereotypes attached to them have also been used to keep women (and men, too) from different races, ethnicities, and social classes in their place.

The Taoist Experience Livia Kohn 1993-01-01 Containing sixty translations from a large variety of texts, this is an accessible yet thorough introduction to the major concepts, doctrines, and practices of Taoism. It presents the philosophy, rituals, and health techniques of the ancients as well as the practices and ideas of Taoists today. Divided into four sections, it follows the Taoist Path: The Tao, Long Life, Eternal Vision, and Immortality. It shows how the world of the Tao is perceived from within the tradition, what fervent Taoists did, and how practitioners saw their path and goals. The Taoist Experience is unique in that it

presents the whole of Taoist tradition in the very words of its active practitioners. It conveys not only a sense of the depth of the Taoist religious experience but also of the underlying unity of the various schools and strands.

The Taste of Many Mountains

Bruce Wydick 2014-08-05 The global coffee trade is a collision between the rich world and the poor world. A group of graduate students is about to experience that collision head-on. Angela, Alex, Rich, and Sofi bring to their summer research project in Guatemala more than their share of grad-school baggage—along with clashing ideas about poverty and globalization. But as they follow the trail of coffee beans from the Guatemalan peasant grower to the American coffee drinker, what unfolds is not only a stunning research discovery, but an unforgettable journey of personal challenge and growth. Based on an actual research

the-taste-of-many-mountains

project on fair trade coffee funded by USAID, *The Taste of Many Mountains* is a brilliantly-staged novel about the global economy in which University of San Francisco economist Bruce Wydick examines the realities of the coffee trade from the perspective of young researchers struggling to understand the chasm between the world's rich and poor. "Wydick's first novel is brewed perfectly—full of rich body with double-shots of insight." —Santiago "Jimmy" Mellado, President and CEO of Compassion International "This wonderfully enlightening book describes the Mayan culture in Guatemala and some of the sufferings these people have survived." —CBA Retailers + Resources Includes Reading Group Guide

book of timeless importance about the American West by a National Book Award– and Pulitzer Prize–winning author. The essays collected in this volume encompass memoir, nature conservation, history, geography, and literature. Delving into the post-World War II boom that brought the Rocky Mountain West—from Montana and Idaho to Utah and Nevada—into the modern age, Stegner's essays explore the essence of the American soul. Written over a period of thirty-five years by a writer and thinker who will always hold a unique position in modern American letters, *The Sound of Mountain Water* is a modern American classic.

Het hart van het kwaad Luca

D'Andrea 2017-01-26 Jeremiah

Salinger vertrekt met zijn vrouw Annelise naar een paradijselijk dorp in de Italiaanse Alpen. Daar raakt Salinger betrokken bij een dramatisch ongeluk hoog in de bergen. Als enige overlevende keert hij terug naar het dorp. De lokale bevolking verwijt Salinger de dood van hun dorps- genoten. En dan hoort Salinger over het bloedbad van dertig jaar geleden, waarbij drie jonge dorpsbewoners zijn afgeslacht tijdens een kampeertocht... Het dorp zwijgt. De bergen zwijgen. Zelfs zijn vrouw Annelise weet

Banff National Park, Lake Louise

& Icefields Parkway Brenda

Koller 2014-05-27 Banff is one of the most renowned tourist destinations in Canada and the most popular in the Canadian Rockies. It is the oldest national park in Canada, the second in North America (following Yellowstone in Wyoming) and the third oldest park in the world (following Royal in Australia). It encompasses 6,641 square kilometres (2,564 square miles) including the Lake Louise area and part of the Icefields Parkway. Over 8 million people enter Banff Park each year, of which over 3 million are considered park visitors OCo the highest visitation of any Canadian National Park. Most of BanffOCO

natural attractions are easily accessible from its scenic roads and highways. Popular sites around Banff townsite include the Cave and Basin National Historic Site, Upper Hot Springs Pool, Cascade Gardens, Tunnel Mountain Drive, Vermilion Lakes, Johnson Lake and Lake Minnewanka. The townsite imparts a cosmopolitan atmosphere with an expansive array of tourist services as well as cultural attractions such as the Whyte Museum, The Banff Park Museum and the Banff Centre. The Bow Valley Parkway, Lake Louise and the Icefields Parkway also present countless opportunities for sight seeing and wildlife viewing. Banff National Park maintains 1,500 kilometres (932 miles) of trails and 50 backcountry campgrounds. In winter, three downhill ski areas service the area. Connecting Jasper National Park and Lake Louise in Banff National Park, the Icefields Parkway (Highway

93) is considered to be one of the premier mountain drives in the world. The 230 km (143 mile) parkway follows the Continental Divide north-south as well as the Athabasca, Sunwapta, North Saskatchewan, Mistaya and Bow Valleys. Glaciers that remain from the ice ages dot the landscape, seven icefields within viewing distance of the parkway. The highlight of the drive for many is the Athabasca Glacier, the only road accessible glacier in the parks.^a The author grew up in the Canadian Rockies and has been exploring them since she was a child. The Canadian Rockies are one of the world's most popular tourist destinations, with four million visitors annually. Easily accessible adventures include walking, hiking, mountain biking, fishing, boating, horseback riding, skiing and wildlife viewing -- with some of the most spectacular animals in North America. Where else can you spend the

morning hiking through spectacular wilderness and by afternoon enjoy high tea in one of the grand hotels? The guide is filled with inside information on how to avoid the tourist traps and where to find the special places off the beaten path that the tourists don't know about; the most worthwhile outdoor adventures and indoor activities; the hotels and restaurants at all price levels that are the very best; plus tips on places to avoid. Each chapter covers transportation to and around the park, where to stay and eat, attractions and shopping, plus adventures, from drives to day hikes, rafting to cycling. Competing guides focus on the standard tourist sites (where the crowds can ruin your experience), while we take you to the lesser-known spots (restaurants, lodges, hiking paths), which are often more rewarding. A review of the complete Canadian Rockies

Adventure Guide from which this is drawn: Having been to the Canadian Rockies numerous times and thinking we had seen all the wonderful places before we discovered this book, we now must plan many more trips there to explore all the other incredible places described in detail in this Guide. With numerous beautiful color photographs, most of which are by the author, this guide is a treasure because the scenery of the Canadian Rockies is some of the most spectacular in the world. A unique feature of this guide book is that it includes hiking details for each of the areas described. Since we have hiked many of these areas, we know this is a necessary and valuable tool for planning hikes. With each section Koller has Hikes, Drives, Sights, and Activities, so for non-hikers it is just as valuable, also giving information for booking guided tours. -- Bonnie Neely (Amazon reviewer)"

Transactions Massachusetts Horticultural Society 1896
De levende berg Nan Shepherd 2020-02-25 Klassiek, poëtisch meesterwerk over wandelen en leven in de bergen De Schotse bergwandelaar, onderwijzeres en dichter Nan Shepherd bracht haar leven door op zoek naar de essentie van natuur in de Cairngorms – een adembenemend mooie, maar onheilspellend ruige bergketen in de oostelijke Schotse Hooglanden. Haar levenslange zoektocht leidde tot het schrijven van deze klassieke bespiegeling over de bergen en onze fantasierijke relatie met die woeste wereld. Shepherd schreef *De levende berg* tijdens de Tweede Wereldoorlog, maar liet het manuscript liggen, totdat het in 1977 werd gepubliceerd en direct werd erkend als een meesterwerk. * Shepherd schrijft elegant en fijngevoelig over de overweldigende schoonheid van de Schotse natuur, maar ook de

hardheid en de ruigheid ervan. – Trouw * Deels memoir, deels veldboek, deels lyrische meditatie over de natuur en onze relatie daartoe. – The New York Times Book Review * De meeste boeken over bergen zijn geschreven door mannen, en focussen meestal op het bereiken van de top. Nan Shepherds sensuele verkenning van de Cairngorms is verrassend anders. – Robert Macfarlane * Eindelijk komt Shepherd uit de schaduwen tevoorschijn en wordt De levende berg erkend als een meesterwerk. – The Scotsman

The Tao of Vegetable Gardening

Carol Deppe 2015-01-29 The Tao of Vegetable Gardening explores the practical methods as well as the deeper essence of gardening. In her latest book, groundbreaking garden writer Carol Deppe (*The Resilient Gardener, Breed Your Own Vegetable Varieties*) focuses on some of the most popular home garden vegetables—tomatoes, green beans, peas, and leafy greens—and through them illustrates the key principles and practices that gardeners need to know to successfully plant and grow just about any food crop. Deppe’s work has long been inspired and informed by the philosophy and wisdom of Tao Te Ching, the 2,500-year-old work attributed to Chinese sage Lao Tzu and the most translated book in the world after the Bible. *The Tao of Vegetable Gardening* is organized into chapters that echo fundamental Taoist concepts: Balance, Flexibility, Honoring

the Essential Nature (your own and that of your plants), Effortless Effort, Non-Doing, and even Non-Knowing. Yet the book also offers a wealth of specific and valuable garden advice on topics as diverse as: • The Eat-All Greens Garden, a labor- and space-efficient way to provide all the greens a family can eat, freeze, and dry—all on a tiny piece of land suitable for small-scale and urban gardeners. • The growing problem of late blight and the future of heirloom tomatoes—and what gardeners can do to avoid problems, and even create new resistant varieties. • Establishing a Do-It-Yourself Seed Bank, including information on preparing seeds for long-term storage and how to “dehydrate” hybrids. • Twenty-four good places to not plant a tree, and thirty-seven good reasons for not planting various vegetables. Designed for gardeners of all levels, from beginners to experienced

growers, The Tao of Vegetable
Gardening provides a unique

frame of reference: a window to
the world of nature, in the
garden and in ourselves.
